

SOLIDAGO

(HOMEOPATHIC)

SOLIDAGO is a homeopathic preparation containing the several remedies that focus on the urinary bladder and kidneys. Cystitis is a common condition especially in women and young children. Bacteria infection is the most common cause, although predisposition to urinary calculi or renal gravel may increase the risk for infections and inflammations in the urinary tract. Historically, Solidago has been used for its diuretic activity and for reducing the formation of kidney and bladder gravel. Homeopathic dilution of Cantharis is particularly useful in cases of acute inflammation with redness and sensations of heat.

SOLIDAGO is recommended for acute and chronic infections of the urethra, pyelitis, cystitis, urine retention as well as prostate health. It stimulates diuresis and excretion of matter usually eliminated with the urine; stops cramps of urinary passages; protects the epithelium coating and prevents the formation of concrements; burning in the urethra; frequent urination; cystitis with bloody urine and discharges; renal colic; prostatic affections and catarrh of the bladder; constant urging; irritation of the genito-urinary organs; enuresis; prostatic hypertrophy; pain behind the pubis at end of urination; urine containing mucus and pus; pressure upon bladder; feeling as if the urinary tract is not empty; burning in the urethra during micturition; nephritis with bloody urine; constant desire to urinate; urethritis; inflamed kidneys following any acute disease; urine with pungent smell and albuminuria.

Medicinal Ingredients:

Each 100 ml contains :

Key ingredient

Solidago virgaurea D130 ml

Accompanying ingredients

Borax D82.5 ml
Cantharis D42.5 ml
Herniaria glabra D130 ml
Pareira brava D35.0 ml
Populus tremuloides D22.5 ml
Sabal serrulata D12.5 ml
Staphysagria D32.5 ml
Terebinthina D62.5 ml
Uva ursi D120 ml

Non-medicinal Ingredients: ethanol

KIDNEY

RECOMMENDED DOSAGE

| | |
|------------------------------------|---|
| Adult | Take 40 drops in water three times daily. For acute condition, take 40 drops in water five times daily or to be used on the advice of a practitioner. |
| Children | Take 20 drops in water three times daily. For acute condition, take 20 drops in water five times daily or to be used on the advice of a practitioner. |
| Recommended use or purpose: | Homeopathic remedy for therapeutic use only. |

INGREDIENTS

INDICATIONS

| | |
|---------------------|---|
| Solidago virgaurea | Pain in regional kidneys and bladder. |
| Borax | Urine with pungent smell; albuminuria. |
| Cantharis | Nephritis with bloody urine; constant desire to urinate. |
| Herniaria glabra | Burning in the urethra; frequent urination. |
| Pareira brava | Renal colic; prostatic affections and catarrh of the bladder; constant urging. |
| Populus tremuloides | Pain behind the pubis at end of urination; urine contains mucus and pus. |
| Sabal serrulatum | Irritation of the genito-urinary organs; enuresis; prostatic hypertrophy. |
| Staphysagria | Pressure upon bladder; feels as if it did not empty; burning in urethra during micturition. |

Terebinthina

Urethritis; inflamed kidneys following acute diseases.

Uva ursi

Cystitis with bloody urine and discharges.

SPECIAL COMMENTS

SOLIDAGO is a fast-acting remedy particularly for urethritis. All kidney remedies should be taken with plenty of pure water. SOLIDAGO or BUCCO with Horsetail tea increases kidney functions (detox) during chelation therapy. In cases of chronic renal disease, SOLIDAGO should only be taken under close practitioner's supervision.
