AstaKrill... The ONLY extra Astaxanthin formula!

- Superior cardiovascular anti-inflammatory and antioxidant.
- Outshines fish oils and statins in lowering LDL and boosting HDL.
- Unique Omega-3 phospholipids deliver potent cell assimilation.
- Boosted Astaxanthin delivers elite muscle and powerful antioxidant protection.
AstaKrill

- Delivery - Omega-3s and Astaxanthin from krill are attached to phospholipid molecules, a benefit unique to krill. This enhances transportation and accessibility across the cell membrane barrier.
- EPA & DHA - provides the best cell concentrations and the highest bioavailability.

- It’s Brain Food - the phospholipid aspect enhances permeability of the Omega-3s and antioxidants across the blood-brain barrier.
- Stabilized - Potent antioxidant stability with naturally occurring and added astaxanthin.
- Astaxanthin - Provides superior antioxidant protection against singlet oxygen species, free radical damage and lipid peroxidation.
- USA Triathlon Team - Elite athletes use this for superior anti-inflammatory results and enhanced skeletal muscle stamina and endurance.
AstaKrill Astaxanthin Health Benefits

**Physical Endurance** - Boosts muscle endurance and recovery.

**Eye Health** - Reduces eye fatigue.

**Skin Health** - Reduces inflammation, wrinkles (UV induced), and risk of skin cancer.

**Gastric Health** - Reduces gastric symptoms, dyspepsia and inflammation.

**Cardiovascular Health** - Improves cardiovascular conditions, reduces hypertension and increases blood flow.

**Metabolic Health** - Improves Type II diabetes, increases lipid metabolism.

AstaKrill Recommendations:

**Cardiovascular Health**
- Helps maintain cardiovascular health - 2 caps daily.

**Cholesterol Management**
- Helps reduce the LDL cholesterol levels and increase HDL cholesterol levels (in conjunction with conventional statin therapy) - 2 caps daily.
- Helps reduce serum triglycerides/triacylglycerols (in conjunction with conventional statin therapy) - 4 caps daily.

**Joint Health**
- Helps reduce pain associated with osteoarthritis - 1 cap daily.
- Helps reduce blood C-reactive protein levels, a clinical marker of inflammation - 1 cap daily.

**Women’s Health**
- Helps relieve symptoms of dysmenorrhea and PMS - 4 caps daily.
**Medicinal ingredients:** Each gelcap contains:
SuperbaBoost™ Krill oil (*Euphausia superba*, whole)650 mg
DHA (Docosahexaenoic acid) . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 45.5 mg
EPA (Eicosapentaenoic acid) . . . . . . . . . . . . . . . . . . . . . . . . . . . . 97.5 mg
Astaxanthin (*Haematococcus pluvialis*, whole) . . . . . . . . . . . . . . . . . . . 6 mg

**Non-medicinal ingredients:** Gelatin, glycerin, purified water, sorbitol.

**Recommended dose (adults):** Take 3 capsules once per day.

**Recommended duration of use:** For use beyond 3 months, consult a healthcare practitioner.

**Caution/warnings:** Consult a healthcare practitioner prior to use if you are pregnant or breastfeeding.

**Known Adverse Reactions:** Stop use if hypersensitivity or allergy occurs.
