Biomed’s other fine products only available from your health care professionals.
Probiotic 7-in-1
Intestinal and Immune health

Balanced colonization throughout the ileum and colon - these probiotic strains are heat and acid stable, surviving stomach acid.

- 7 unique strains
- No refrigeration required
- Immuno-modulating
- Restores intestinal flora

**Recommended use:** Probiotic that contributes to a natural healthy gut flora.

**Medicinal ingredients:** Each vegetarian capsule contains 1.9 billion active cells:
- Lactobacillus acidophilus HA-136 ...................................... 600 million cfu*
- Lactobacillus acidophilus HA-122 ................................... 400 million cfu*
- Bifidobacterium breve HA-129 ........................................... 200 million cfu*
- Bifidobacterium longum HA-135 ...................................... 200 million cfu*
- Lactobacillus rhamnosus HA-111 ...................................... 200 million cfu*
- Streptococcus thermophilus HA-110 .................................... 200 million cfu*
- Bifidobacterium bifidum HA-132 ........................................... 100 million cfu*

*Colony forming units

**Non-medicinal ingredients:** Maltodextrin, magnesium stearate, ascorbic acid, skim milk, soy peptone, sucrose, hydroxypropyl methylcellulose (vegetarian capsule shell).

**Recommended dose (adults):** Take 1 - 2 capsules two times a day, or as directed by a health care practitioner.

**Caution/warnings:** Discontinue use and consult a health care practitioner if symptoms of digestive upset (e.g. diarrhoea) occur, worsen, or persist beyond 3 days. This product has come into contact with milk and soy. Do not use this product if you have a milk or soy allergy.

Bacillus Coagulans
Intestinal and Immune health, pH balance

This probiotic strain is in the spore form, surviving the stomach acid and rapidly multiplying in the duodenum.

- 1 billion active cells
- No refrigeration required
- Use for diarrhea and after antibiotics
- Produces metabolically active (R spin) lactic acid = normalize pH

**Recommended Use:** Source of Probiotics.

**Medicinal Ingredients:** Each vegetarian capsule contains a proprietary blend of acid-stable and shelf-stable:
- Bacillus Coagulans ........................................ 1 billion colony forming units
- Fructooligosaccharides (FOS) ........................................... 250 mg

**Non-medicinal Ingredients:** Magnesium stearate, maltodextrin, hydroxypropyl methylcellulose, water.

**Recommended Dose (adults):** Take 1-2 capsules per day.

**Cautions/Warnings:** If you have nausea, fever, vomiting, bloody diarrhoea, severe digestive upset or severe abdominal pain, consult a health care practitioner prior to use. If you have an immune-compromised condition (e.g. AIDS, lymphoma, patients undergoing long-term corticosteroid treatment), do not use this product. This product has come into contact with dairy protein. If you have a dairy allergy, do not use this product. If you are on antibiotic(s), take at least 2-3 hours before or after.
