

Lycopus (Homeopathic)

Recommended Use:

- Thyroid dysfunction
- Hypothyroidism
- Goitre
- Hyperthyroidism
- Grave's disease

Lycopus contains botanicals and nutrients (Mag. phos., Calc. phos.) that assist in modifying and supporting thyroid activity. In addition to thyroid function, Lycopus addresses a wide range of symptoms secondary to thyroid dysfunction including sleeplessness, feelings of fear, shakiness, perspiration, tachycardia, circulation disturbances, feeling of a lump in the throat and 'nervous' gastrointestinal issues. Lycopus regulates the sympathetic trunk by increasing the vagal tone.

Ingredients:

Calcarea phosphorica	Forgetful, peevish.
Chininum arsenicosum	Fatigue, sleeplessness due to nervous causes.
Lophophytum leandri	Hot flashes, tightness in the throat.
Lycopus virginicus	Palpitation from nervous irritation, weak pulse.
Magnesia phosphorica	Vertigo, nervous spasmodic palpitations.
Spongia tosta	Basedow's disease, dull dizzy feeling in the head.

Uses:

Clinical Pearls

For anxiety and restlessness caused by thyroid conditions, combine 5 to 10 drops of Lycopus with 30 drops of Avena Sativa in water and take three to four times daily.

Refer to endocrine support and female conditions protocols for more details.

Medicinal Ingredients:

Lycopus virginicus (whole plant)	D4
Spongia tosta (sponge)	D1
Chininum arsenicosum (mineral salt)	D6
Lophophytum leandri (whole plant)	D6
Calcarea phosphorica (mineral salt)	D8
Magnesia phosphorica (mineral salt)	D8

Non-medicinal ingredients: Purified water, ethanol.

Recommended Dose (adults): Take 5 drops in water 3 times daily or to be used as directed by a health care practitioner.

Recommended Dose (children 3 to 11 years): 2 - 4 drops 3 times a day or to be used as directed by a health care practitioner.

Caution/Warnings: Consult a health care practitioner if symptoms persist or worsen. Consult a health care practitioner before use if you are pregnant or breastfeeding.

Keep at room temperature in a dry, dark place. Keep out of reach of children.
